Everyone who attended who wanted a copy of my
 two-part history of the cemetery (that was
 published in Northeastern Pennsylvania) was given
 one. I put the two parts in plain GS 195s
 and that made them easy to carry. I made up
 35 sets and all but five of them were given away.
 I typed the program on Phil's typewriter at the
 NEWS and made 50 copies of it on the NEWS' xerox
 machine. I used my own paper so that Phil would
 not suspect that I used the NEWS' xerox machine.
